

GOD EXPLAINED THE SECRET,

“When You need, I am here
When You want, I am here
When You wish, I am here
Always with You everywhere.
When You win, I am happy
When You lose, I am sad
When You ill, I try to cure
When You play, I will clap
When You sleep, I will watch
When You hungry, I will cook
When You in difficulty, I will explain
When You in problem, I will solve
When You question, I will answer
When You angry, I still care
When You dream, I make true
When You wants to laugh, I will become joker
Even You confused, I will sort
When You are lonely, I am with you
When You want to be alone, I will hide.

When You feel sad, don't cry
See my eyes, full of tears
Which are for you, You and just for you.

O Dear, don't search me.
You think, I am nowhere,
But see, I am now here.

My existence is not as per your thought.
But your existence is as per my wish.
Feelings are more important than existence...”
